A Sensible Woman

She's putting the washboard where it'll do some good. She has suffered with it long enough; broken her back over it, rubbed the clothes to pieces on it, wasted half her time with it. But now she knows better. Now she's using **Pearline**—and when a woman uses **Pearline**, the only way to use the washboard is in the kitchen fire. There's no more hard work, no more ruinous rubbing, but there's washing that's easy and economical and safe

Millions of women are just as sensible as this one. Are you?

Send it Back Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, do the honest thing—*send it back.* 313 JAMES PYLE, New York.

"They thought I must die."

"THE STRONGEST STATEMENTS COULD NOT TELL HALF IT HAS DONE FOR ME."

Hereditary Liver Trouble,

ENLARGEMENT OF THE LIVER,

Diagnosed by the best Physicians, CURED.

GENTS:—My father died of Consumption of the Liver, many in my family have died with the same disease, and a large part of the time for the past two years I have been very sick, no appetite, bowels alternating between Constipation and Diarrhoea. Pains all over my body, and severe pains all through my Liver. So nervous I could not sleep nights, and in fact was much emaciated and run down. My Physician said I had Enlargement of the Liver.

The day before I commenced the use of SKODA'S REMEDIES, I had two different Physicians call upon me. People thought I must die. I had doctored so much and taken so many different kinds of patent medicines, without any benefit, that when SKODA'S DISCOVERY was brought to me, I threw away doctor's medicines, and began its use. Soon I commenced to gain; my appetite increased; from being weak and feeble I began to grow stronger; bowels assumed a natural condition; sweet and refreshing sleep came to me nights; I began to increase rapidly in flesh.

I have now taken less than a full course (six bottles) of SKODA'S DISCOVERY, with SKODA'S LITTLE TABLETS, and to-day I am strong, am able to do my own work. In fact, am well and happy. The strongest statement I could make would not tell half your wonderful Remedies have done for me.

COMMISSIONER PECK'S REPORT

Democratic Congressmen Call it a Fake

CHICAGO, Sept. 17. Congressman Cable speaking of the proceedings against Commissioner Peck said last night, that the report is a fake from top to bottom. It is a lie throughout, and nobody knows this as well as the man who penned it. Congressman Springer said: "The burning of those documents is a confession that the Commissioner cannot prove what he asserts."

THE IRON HALL.

Circular from Supreme Officers of the Re-organized Order.

INDIANAPOLIS, Ind., Sept. 17. A circular issued last night by the Supreme officers of the re-organized order of Iron Hall says a more general representation has provided for in the legislative proceedings of the Supreme body. The Iron Hall never has in its laws, represented impossibilities such as payment of any specified amount in consideration of certain amount paid in, but that in every case assignment should be made in conformity to the demands. The order stands ready to fulfil at all times every contract into which it enters. The fullest investigation will be made of every person implicated in the recent mismanagement of the order.

NO CAUSE ASSIGNED.

A Well Known Boston Man Commits Suicide.

BOSTON, Sept. 17. The body of Alden D. Calep, aged sixty-six, coal and wood dealer, at 406 Federal street, was found hanging in the barn in the rear of his residence, on Schuyler street, Roxbury, this morning. No cause for the suicide is known by the family.

GETTING AROUND THE CIRCLE.

Stevenson Campaigning in North Carolina.

CHARLOTTE, N. C., Sept. 17. The train bearing the Democratic nominee for Vice-President on his campaign journey through North Carolina, arrived in this city about half past seven this morning, and Gen. Stevenson was accorded an enthusiastic reception. At the auditorium he addressed a meeting of between 3,000 and 4,000 people and his remarks were largely devoted to a description of the Force bill.

THE MURDER OF HASWELL.

Indictment Found Against Michael Dalton and Daniel Sullivan.

PROVIDENCE, R. I., Sept. 17. The Grand Jury to-day indicted Daniel Sullivan and Michael Dalton for the murder of Anthony Haswell. Sullivan appeared in court and pleaded not guilty. Dalton is still at large.

RAILROAD ACCIDENT.

Four Persons Seriously Hurt.

WILKESBARRE, Pa., Sept. 17. An empty engine collided with a passenger train on the Lehigh Valley Railroad this morning in a deep cut, near Penobscot, both engines being almost a total wreck. Four trainmen were badly injured and one passenger, a woman, seriously hurt.

PROBABLY MURDERED.

A Woman and Her Babe Found Dead in the Street.

WAVERLY, Ohio, Sept. 17. Yesterday morning the dead bodies of the wife and baby of John J. Van Meter, of the Village of Idaho, were found in the road some distance from the house. Van Meter is missing. He has given evidence of unsoundness of mind. The theory is that he murdered his wife and babe and has perhaps killed himself.

THE QUESTION OF MODERATOR.

An Opinion from the Attorney General of New Hampshire.

CONCORD, N. H., Sept. 17. At a meeting of the Governor and Council to-day the opinion of Attorney General Eastman was received in response to a request, deciding that no one can be moderator at a meeting in November next, by virtue of previous election, on account of the uncertainty connected with the choice of moderators of various towns at the last March meeting. The chairman of the Republican and Democratic State committees agreed upon a series of questions which the Governor and Council submitted to the Supreme Court. The judges declined to give an answer and the opinion of Attorney General Eastman was then asked.

GOTHAM'S DREAD.

No Suspected Cases Reported in New York Saturday.

Quarantine Established on the Canadian Border.

The Yellow Flag Hoisted on Steamer Scandia.

NEW YORK, Sept. 17. The Health Board daily bulletin, issued at 10 A. M., states no cases of cholera or suspected cholera cases have been reported since 4 P. M. yesterday.

The Disinfection Craze in Germany Criticised.

LONDON, Sept. 17. A well known physician writes to the Times from Hamburg that the inspection and disinfection craze against cholera in Germany has become epidemic and is nearly as harmful in its effects as cholera itself. Every frontier town and hamlet is loaded with impossible regulations which local authorities interpret to their own views. The whole movement is the work of the German press, which has acted in the matter in a spirit of sensationalism, malevolence and ignorance.

Death of One of the Bohemia's Passengers.

QUARANTINE, Sept. 17. One of the passengers of the steamer Bohemia died on Swinburne Island this forenoon. Dr. Byron telegraphed to Dr. Jenkins this morning that he found everything all right on board the Bohemia. There are a few cases of measles among the children. All the passengers have had a bath and disinfection continues.

Quarantine on the Canadian Border.

OTTAWA, Sept. 17. The Canadian Gazette will to-day publish a proclamation issued to-day, establishing quarantine on the Canadian border against passengers and merchandise from the city of New York. The Canadian government has prohibited the importation of rags from England.

Cholera in Naples.

PARIS, Sept. 17. The Petit Journal says the cholera broke out in Naples several days ago and that eight to ten deaths have occurred there daily.

Must Obey the Command.

QUARANTINE, N. Y., Sept. 17. The Wyoming's passengers refuse to go to Fire Island, claiming that the Wyoming is not an infected ship. Dr. Jenkins will compel them to go to-morrow.

The Health Board Bulletin.

NEW YORK, Sept. 17. The 10 o'clock bulletin issued by the health board this morning sufficiently explains the cholera situation. Dr Roberts and his inspectors are out looking at some thirty suspicious diarrhoeal cases that have been reported to the board. So far they have found none worthy of any serious consideration. To-day the sanitary officers in charge of quarantined houses will be relieved by officers of the regular police force from the precincts. At present there are no suspected persons except the four girls from the Freisland, in Willard Parker Hospital. Mary Conerty, sick with cholera at the reception hospital, is reported better to-day.

The Fleet at Quarantine—Several Vessels Released Saturday.

NEW YORK, Sept. 17. The steamer Etruria, which arrived here this morning had no steerage passengers on board. There is now a large fleet of steamers detained at quarantine, but several of them will be released to-day.

During the past week 4,653 cabin and 3,621 steerage passengers were landed at this port by European steamships.

An Account of the Cholera Scare.

NEWPORT, R. I., Sept. 17. The Board of Health has accepted the offer of Bishop Haskins, and will at once erect upon his estate, "Eagle Crest," a temporary hospital for possible cholera patients.

As the result of the cholera scare in New York several of the prominent summer residents have decided to remain here indefinitely.

The Newport artillery organized in 1741, for same reason, has abandoned the proposed trip to New York, at the time of the Columbian celebration.

The Outlook More Favorable in Hamburg.

HAMBURG, Sept. 17. The official cholera statistics for yesterday place the number of new cases at 276 and deaths at 136. The doctors believe the general situation is more favorable to-day.

Three New Cases in Havre.

HAVRE, Sept. 18. Three new cases of cholera were reported in this city yesterday against 15 for the day before. The deaths yesterday numbered five, two more than on Thursday.

Reports from St. Petersburg.

ST. PETERSBURG, Sept. 17. Yesterday there were 48 new cases of cholera and 15 deaths in the city.

More Sickness on the Scandia.

QUARANTINE, Sept. 17. At 3.55 P. M. the yellow flag was hoisted on the Scandia in the lower bay.

Declared Infected with Cholera.

WASHINGTON, Sept. 17. The Vice Consul at Lisbon cables the State Department that the port of New York is declared infected with cholera and suspected ports on the east coast of the United States including Florida. United States Minister to Norway and Sweden cables that Sweden declares the United States ports on the East coast infected also. It is presumed from the above cablegram that the countries referred to will detain all passengers from the United States until danger from infection is passed.

SOME STRANGE MISNOMERS.

Much of the Russia leather comes from Connecticut, Bordeaux wine from California, Italian marble from Kentucky, French lace from New York, and Spanish mackerel from the New Jersey coast. Dr. Pierce's Golden Medical Discovery comes from Buffalo, N. Y., but there is nothing in its name to criticise for it is truly golden in value, as thousands gladly testify. Consumption is averted by its use, and it has wrought many positive cures. It corrects torpid liver and kidneys, purifies the blood, banishes dyspepsia and scrofula, renews the lease of life, and tones up the system as nothing else will do. What is more, it is *guaranteed* to do all this, or the price is refunded.

Bay Point, Rockland's now famous summer resort, closed its doors Monday morning, after a season unequalled in its history, and successful beyond the expectation of its friends. The house has been filled, the season gay, and the house has banked lots of money. The guests who have been here have come from all parts of the country, many of them among the best known public people. Their endorsement of Bay Point has been unqualified and high. They will come again, and their pleasant words will bring many more. Landlord Chamberlin has added to his laurels and his efforts have done much toward rendering the house popular. He will no doubt have the place next season, which means continued success. Mr Chamberlin opens the St James at Jacksonville, Fla., Thanksgiving day

The Fairfield *Journal* says. The Water Company and the Fairfield Village Corporation have entered into an agreement whereby the water pipes are to be laid across the mill pond on the river bottom and then boxed across the other bridges. A little standpipe with a line of hose on it will be located on each bridge for use in case the bridge takes fire. An extra precaution has also been taken to prevent a fire in the bridges, for the old lamps are to be done away with and electricity used. Mr. Gerald has made a contract with the town to do this for ten years, and also to fix up the old toll house and improve things thereabout greatly.

After much delay the construction of the new public library at Calais is going forward rapidly and it promises to be a gem of a building. The outside of the building is smooth-faced, light-colored brick from New Jersey, with trimmings of granite from the Shattuck quarry at Red Beach. It will be one story, the principal dimensions 53x28 feet, with two curved projections which add largely to its interior accommodations. Besides the stack, a book-room and reading-room, it will have a smaller room for the law library of the late E. A. Pike, which is to be kept accessible to the public

Upon receipt of the full accounts of the Corbett-Sullivan fight at New Orleans, there were some remarkable exhibitions of wheel-barrow riding along Water street, in Eastport, by several parties who bet on the wrong side, and were compelled in this way to pay off their indebtedness, greatly to the amusement of the people thronging the sidewalks at that hour.

About noon Thursday, the body of Mr George Morang, of Eastport, a well-to-do farmer, living with his family, on a farm near the Carrying place, about three miles up the island, was found by his son, hanging from a beam in the barn. When discovered life was extinct. During the morning Mr. Morang had been busied about his farm duties in which he was assisted by his son, and was apparently in his usual health and spirits. After milking the cows he drove them some distance to the pasture, which was the last seen of him by his family, until his lifeless body was found suspended in the barn, some hours later. Some boys who were near the place during the morning, report having seen him busying himself about some net warp, a small manilla line used draw nets in seining herring, and it was with such a piece of rope that he committed the fatal act. Cutting a piece to a suitable length, he fastened both ends to the beam, and turning the loop thus made back upon the standing part, inserted his head, the knot coming under his chin, then stepping off from the edge of a coal bin upon which he was standing, the terrible act was completed. Mr Morang had been subject to attacks of melancholy for some time, particularly since the death of his children, some few years since. He was about sixty-five years of age. During the war Mr. Morang served as an ordinary seaman in the navy, enlisting February 3, 1862, on the gunboat Wyandotte, receiving an honorable discharge at the close of his period of service. He was a member of Post Meade. A widow, two sons and two daughters survive him.

JUPITER'S FIFTH MOON.

Prof. Barnard Makes a Great Discovery with the Lick Telescope.

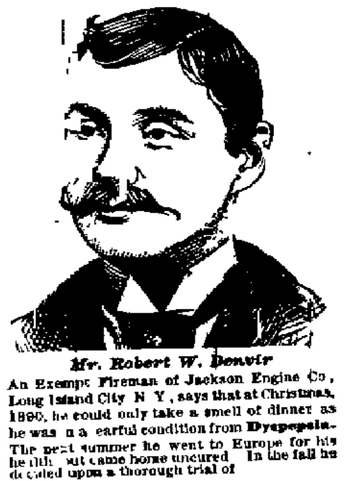
CHICAGO—S. W. Burnham, who recently resigned from the staff at the Lick Observatory to accept the position of clerk of the United States Circuit Court in Chicago, received the following telegram from Prof Barnard, of that observatory

MOUNT HAMILTON OBSERVATORY, Sept. 12.—E. E. Barnard sends greeting to S. W. Burnham with a fifth satellite to Jupiter, of the thirteenth magnitude, period 17 hours and 36 minutes, distance from centre, 112,400 miles.

"The discovery of this satellite, which was made by Prof. Barnard on Saturday," said Mr. Burnham, "is the greatest astronomical achievement of the century and will cause the world of science to ring. It simply means the addition of another body to the solar system, which is in these days a most stupendous discovery. It is far greater than the finding of the satellites of Mars, for these two bodies were more or less easy of observation. Barnard's work makes an addition to the solar family in a field that was well nigh worn out, and which was thought to have been so thoroughly sifted that astronomers gave up the task of looking for fresh facts. Then, too, Jupiter has been the most observed of all the planets for the reason that it is so very large and such a grand body withal that it invites inspection. I can tell you that this will be grand news for the astronomers of Europe.

"This is the first good work of any moment that has been done with the great Lick telescope, and if such observation as this is continued the big glass will serve to bring on new lights in the universe and turn up startling discoveries at the most unexpected places.

"In my opinion this is the astronomical achievement of the century, and will be so acknowledged."



Mr. Robert W. Denvir

An Exempt Fireman of Jackson Engine Co., Long Island City, N. Y., says that at Christmas, 1890, he could only take a smell of dinner as he was in a fearful condition from **Dyspepsia**. The next summer he went to Europe for his health, but came home uncured. In the fall he decided upon a thorough trial of

Hood's Sarsaparilla

And by Christmas had a hearty appetite, healthy digestion, and was perfectly well. His cure was due wholly to Hood's Sarsaparilla.

HOOD'S PILLS cure liver ills, constipation, biliousness, jaundice and sick headache. Try them.

Kickapoo Indian Sagwa.

WHY IT IS THE SAFEST TONIC AND BLOOD-PURIFIER MADE.

Indians Have No Knowledge of Mineral Drugs and Poisons---They Cure With the Remedies of the Field and Forest---Their Knowledge is Born of Many Centuries' Experience.

The Kickapoo Indians, who make Kickapoo Indian Sagwa, nature's grand tonic and blood purifier, and other Kickapoo Indian remedies, are the oldest tribe extant. When Columbus discovered America they occupied the territory about where the State of Georgia is now located.

To-day, driven back step by step, they are found mostly in Texas, New Mexico, and Arizona, but their traditions have remained intact and the secret of compounding their remedies is known only to themselves and to one white man, adopted into the tribe, and through whom they became known to the white people.

Kickapoo Indian Sagwa is their principal remedy and upon it they depend for the curing of all troubles of the stomach and liver, thereby purifying the blood. It is the king among their medicines and their principal reliance for warding off malarial infections and all troubles arising from exposure and frequent changes.

Its absolute and, by the nature of the Indian and his lack of knowledge of drugs and poisons, compulsory freedom from all mineral ingredients or drugs in any form, makes it the ideal tonic and blood-purifier that cannot possibly leave, behind the after-effects so common to many extensively-advertised nostrums on the market

Kickapoo Indian Sagwa, *made by the Indians from roots, barks, and herbs of their own gathering and curing, is obtainable of any druggist at one dollar per bottle, six bottles for five dollars.*

FREE Send three two-cent stamps to pay postage, and we will mail you free a thrilling and interesting book of 172 pages entitled "Life and Scenes Among the Kickapoo Indians." Tells all about the Indians. Address HEALY & BIGELOW, Distributing Agents, 521 Grand Ave., New Haven, Conn. sep417

Fourth District Official Returns.

Boutelle 4,328 Plurality.

Hurrah for Penobscot, Piscataquis, Aroostook and Washington.

Through the courtesy of the Secretary of State we are able to lay before our readers this morning the official vote for Representative to Congress in the Fourth District, lacking only two small places, the returns from which will not materially change the figures, giving Congressman Boutelle 4,328 plurality, the largest in the State, and fully confirming our claim that the Fourth is the Banner Congressional District of Maine in 1892.

Aroostook, the home of the Democratic candidate, leads with 1,446 plurality. Penobscot rolls up 1,247, Piscataquis gallantly contributes 509, and Washington generously responds with 1,067. Hurrah for the stalwart Republican counties of the Glorious Fourth!

The People Do Not Like It.

The papers that advocated the adoption of the Australian ballot law are working very hard to counteract the feeling of dissatisfaction that has resulted from the trial of the system, but they will learn in time that the people are doing their own thinking on this subject. The majority of the people of Maine did not favor this legislation and the majority of the people do not like the system now that they have tried it. It is a complicated and expensive piece of machinery the principle effect of which has been to keep voters from going to the polls.

It has accomplished just one thing and that is to demonstrate that it was not needed in this State. When the matter was before the Legislature THE WHIG took the ground that it was needless legislation as there was no State in the Union where the people secured a more honest expression of their political preferences at the polls than in Maine under the old system. The Australian fad has now been tried and as the Portland *Press* has said: "The result has demonstrated conclusively that the biennial shout of corruption that has issued from Democratic throats was entirely without reason."

From all portions of the State we hear expressions of dissatisfaction with the law. The people do not like it and they will like it less when in the course of time they are called upon to settle the bills. It has been an expensive experiment, especially to those voters who did not feel that they understood it sufficiently to go to the polls, or having gone to the polls were disfranchised by improperly marking their ballot.

Chairman Manley's Address.

The excellent address issued to the people by Chairman Manley in behalf of the Republican State Committee completely annihilates the attempt of the Democratic State Committee to extract even a crumb of comfort from the Maine election. The Republican victory in this State was complete as the Democrats were beaten at every point, and to Chairman Manley is due a large measure of the credit for the splendid result. He has been untiring in his efforts and his management of the details of a campaign requiring more than usual tact and skill to counteract the over-confidence resulting from long continued victories, and the natural and keen disappointment of thousands of people in Maine at the failure to nominate Mr. Blaine, has been admirable. The result has reflected great credit upon the management of the campaign, and shows the unswerving devotion of Maine to Republican principles.

Any Port in a Storm.

The attempt of the callow youth who furnishes the Bangor correspondence of the Boston *Globe* to charge the overwhelming defeat of the Democrats in this city to the lack of organization, will not be heartily relished by the party workers. He says "there was no canvass worthy the name so that when election day came the number of Democratic stay-at-homes mounted into the hundreds." As a matter of fact the Democratic vote in this city was just eighty-three less than it was in 1890. Even on the day of the election the Democrats expected to carry a portion of their representative ticket, and the attempt to crawl away from the defeat by attacking the party organization is pretty small business, but it compares favorably with a good deal of the stuff that has appeared in the Democratic papers since the election. The effect of it is, however, simply to advertise the idiotic methods that the Democrats have been forced to adopt to try and cover up the humiliation of their overwhelming defeat in spite of the ridiculous boasting prior to the election.

BY THE
ACCELERATIVE-ENDOWMENT PLAN
OF THE
Mutual Benefit Life
Insurance Company of Newark, the insured may, at his discretion, surrender his dividends to the Company, in consideration of which the Company will agree to accelerate the payment of the policy, thus enabling him to procure an Endowment policy at the usual rate charged for insurance payable at death only.

Example: Policy No. [illegible] issued in 1878, at age 35, on the ordinary life plan, is now an Endowment policy payable at age 67, and will be a Matured Endowment in 8 years more, while the decreasing age of payment will have reached the increasing age of insured.

"Loved Ones Provided For."

One of the benefits of life insurance is the satisfaction of mind which comes from the consciousness that our LOVED ONES ARE PROVIDED FOR. It makes it easier to die to know that one's family will not be thrown upon the doubtful charity of the world.

A life insurance policy gives you the benefit of a large sum of money before you have earned it. Perhaps you argue, "But you run a great risk." No, I would run a greater risk the other way. You say "The insurance companies might fail." So might the bank. You must trust something to others.—Rev. A. S. Gumbort.

CARPETS!

One month ago we placed an order for 2,500 yards of Art Kidderminster Carpets. These goods whose value is well understood by carpet buyers, are now being received by us and we are daily placing new and desirable patterns before our customers. One of the leading carpet houses in New England has been selling the same goods at fifteen cents per yard advance over other makes. We propose to sell them at the same price asked by other dealers for an ordinary extra super carpet. A word to the wise is sufficient.

Presidential Campaign of 1892.

GRAND INDUCEMENTS

TO READERS OF

[illegible]

The Presidential Campaign of 1892 will, without doubt, be the most intensely interesting and exciting in the history of the United States, and country people will be extremely anxious to have all the general and political news and discussions of the day as presented in a National Journal in addition to that supplied by their own local paper.

To meet this want we have entered into a contract with the

New York Weekly Tribune,

The Leading Republican Paper of the
UNITED STATES,

which enables us to offer that splendid journal (regular subscription price, $1 00 per year) and the COURIER for one year

For only $1.00, cash in advance.

"N. Y. Weekly Tribune," regular price per year,	$1.00
Courier, " " " "	1.00
TOTAL,	$2.00

WE FURNISH BOTH PAPERS ONE YEAR FOR $1.00.

Subscriptions may begin at any time.

This is the most liberal combination offer ever made in the United States, and every reader of the COURIER should take advantage of it at once.

Address all orders to

ON SEPTEMBER 19TH, 1665 the memorable Plague of London reached the highest point in its destructiveness.

The first official announcement of the tremendous calamity was made on the preceding 26th of April and during the summer the population was swept away by thousands, 10,000 dying in one week. Pest houses, one of which is shown above, were established for the treatment of the sick.

We have established a complete cure for the plague of high prices with our stock of Fall and Winter Clothing. We advertise nothing but facts, and a call at our store will convince you that we carry the largest and finest stock of Men's, Boys' and Children's Suits and Overcoats to be had east of Boston.

This fall and winter we are making Fine Trade a specialty, and we can furnish a suit of clothes or an overcoat to please the most fastidious.

Would be pleased to have you call and examine our stock before purchasing and think it would be to your own advantage.

GRATEFUL—COMFORTING
EPPS'S COCOA
BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

CAUSING A SENSATION.

Two Birds Caged Who are Wanted in Several Places.

FARMINGTON, Sept. 17. J. D. Bird and [illegible] Little, the two men arrested in Waterville by Sheriff Sylvester, and now in jail here as suspected buncoers, are causing quite a sensation. Yesterday M. Nowell, of Topsham, identified the men as the parties who robbed him of $3,000 three years ago. This afternoon a hotel proprietor in Riverhead, L. I., identified them as the men who stopped at his house last month for a week, and robbed a man there of $2,000. The prisoners are now strongly guarded, and will be till the grand jury sits Sept. 27.

PENSIONS GRANTED.

ARRIVED SAFELY.

Grand Army Men from Maine.

WASHINGTON, Sept. 18. The steamer [illegible] Collins, containing the G. A. R. excursion, arrived to-day from Gardiner, Me., after a passage of 74 hours. All were well.

DEATH IN THOMASTON

Of a Merchant of Long Standing.

THOMASTON, Sept. 18. Winchell M. [illegible], a native of Concord, N. H., and for 4 years a merchant here, died to-day, aged 65 years. He leaves a wife and daughter.

NATIVE OF BANGOR.

Death of Moses Briggs, in Melrose, Mass.

MELROSE, Mass., Sept. 18. Moses Briggs, one of the oldest and most prominent citizens of this town, died suddenly at his home here this morning, after a short illness from the effects of a carbuncle on his neck, which caused heart failure. He was 65 years of age and leaves a widow and one son. He was born in Bangor, Me., and served during the war in a Maine regiment. He lived in Melrose over 25 years and was very prominent in town affairs and an earnest advocate of economy in financial affairs.

He was for many years a member of the Board of Assessors, a prominent temperance advocate and officer in several temperance organizations. He was a prominent member of the Baptist church, ex-commander of U. S. Grant Post, G. A. R. and was an ardent Republican, and member of the town committee for years. He has been deputy sheriff since 1873, and held that office up to the time of his death.

MEMORIAL SERVICE

For a Biddeford Missionary

BIDDEFORD, Sept. 18. The Baptist churches of Biddeford and Saco, united to-night in a special service in memory of Mrs. John E. Cummings, a member of the Adams street Baptist church, whose death in the Burmah mission field occurred a few days ago. Rev. George W. Davis, of Biddeford, Rev. Dr. George W. Gardner, of New London, N. H.; Rev. B. F. Turner of Buxton Center, and Deacon B. H. Winslow, of Saco, gave addresses.

FIRE RECORD.

Half a Million Lost in Brooklyn.

BROOKLYN, N. Y., Sept. 17. An extensive fire in the navy yard this morning destroyed about $500,000 worth of property. It broke out in the three story wooden extension of the machine shop, in which was stored the machinery of the cruiser Cincinnati. It was totally destroyed.

The flames spread to the two story brick machine shop and caused much damage.

A GRAND SUCCESS

The Veterans' Visit to Baltimore.

BALTIMORE, Md., Sept. 17. The parade of visiting naval veterans, Maryland militia and officers and crews of the United States war ships in Baltimore this morning was a grand success. The sidewalks along the line of parade were crowded with enthusiastic spectators, eager to see the veterans. After marching through the principal streets of the city the parade was reviewed by Mayor Latrobe and city officials and dismissed. The bombardment of Fort McHenry this afternoon ends the encampment of the naval veterans.

TWO BRUISERS

Will Fight for a Purse of $5,000.

NEW YORK, Sept. 17. The Coney Island Athletic Club has signed Joe Choyinski, the Californian, to meet George Godfrey, the Boston heavyweight. The match will be for a purse of $5,000 and will take place Monday, October 31. Choyinski signed the articles of agreement last night and the Boston man, in all probility, will sign by Monday.

ZIMMERMAN OUTDONE.

World's Bicycle Records Broken at Independence.

INDEPENDENCE, Ia., Sept. 17. John Johnson, of Minneapolis, broke the world's bicycle record for one-half mile and one-quarter mile to-day, going the half in 55½ seconds and the quarter in 26 2-5.

CONSPIRACY CHARGED.

Developments in Iron Hall Bank Case.

PHILADELPHIA, Pa., Sept. 17. Adelbert F. Stockwell, ex-assignee and counsel for the Mutual Banking Company and ex-counsel for the Iron Hall, and J. H. Hayes, cashier of the former institution, were arrested to-day and held in $10,000 each, for a further hearing Tuesday next, charged with conspiracy to defraud the Iron Hall of $200,000.

COUNTER SUITS.

Brought by New England Railroad.

NEW HAVEN, Conn., Sept. 17. The New York and New England Railroad Company has entered a claim in the Supreme Court

Danger from Cholera Practically Passed.

No New Cases of Deaths Reported on Sunday.

Islip Officers Offer no Resistance to Landing of People.

Best of Precautions Being Taken By Authorities.

NEW YORK, Sept. 17. The health board at 4 o'clock this afternoon issued the following bulletin:

"No cases or suspected cases of cholera have appeared in this city since the last bulletin."

The total number of deaths from cholera in this city up to date have been five. The first death was on Sept. 6, the last on Sept. 13. Of the three cases heretofore reported as suspected the following is the biological report on that of Edward Hoppe, of No. 1,625 Madison avenue, as reported by Herman K. Briggs and Edward K. Dunham:

"We would respectfully report that the bacteriological examination of clothing stained with ejecta on Edward Hoppe, who died on September 14, has failed to reveal the presence of cholera Asiatica."

New Cases of Cholera.

QUARANTINE, S. I., Sept. 17. Another case of cholera was discovered this evening on the Bohemia. Jeaeette Chamowitz, aged 28, was taken with cramps and vomiting, and removed at once to Swinburne island. A child died on the Wyoming this afternoon, but the trouble was a skin disease, and none of the cholera symptoms were present.

Dr. Walzer returned from the lower bay at 8 P. M., and reported that Regina Welskout, aged 65, was taken from the Scandia to Swinburne island suffering from cholera. She will probably die. Otherwise the previous census remains unchanged.

The steamer Standard has arrived from Swinemunde with 36 steerage passengers, and reports all well.

Quarantine at Cuba.

NEW YORK, Sept. 17. The consul general of Spain at this port has received word from the governor general of Cuba, stating that vessels from New York arriving at Cuban ports will be subjected to 10 days' quarantine. Vessels from any other port in the United States will be subjected to three days' quarantine. All passengers from New York will be subject to surveillance from the officials of the health board during their stay upon the island.

Regarding Suspension of Immigration.

WASHINGTON, Sept. 17. Secretary of State Foster will leave for Loon Lake to-night to confer with the President on the advisability of issuing a proclamation suspending all immigration during the prevalence of cholera in Europe. In the mean time the Treasury Department will hold in abeyance its answer to the steamship companies as to whether American citizens now in Europe can return in the steerage. The department is at present inclined to the opinion that they can do so.

Statistics of Immigration.

WASHINGTON, Sept. 17. Statistics of immigration into the United States for the month of August last have just been compiled. The figures antedate the issue of the order restricting immigration from infected European ports, but are interesting as showing what might have been expected during the current month, if no checks had been interposed on the influx.

There were 45,472 immigrants landed in the month. Those were almost exactly the figures of the previous year. Thirty-five thousand of them came in by the way of New York, 4,000 through Boston, 3,500 through Baltimore, and 2,500 through Philadelphia. Germany contributed 10,500 of them, and Russia 5,000 more.

In other words if immigration had not been practically suspended, there would have been 15,000 immigrants from cholera suspected districts shipped to the United States in the month of September.

During the month of August, 1891, our exports exceeded our imports $6,732,000; during the corresponding month this year the balance runs the other way, our imports exceeding our exports by $12,352,000. On the eight months ending the 31st of August, we still have a balance in our favor of exports over imports of nearly $22,000,000.

Relief to Italy.

ROME, Sept. 17. It was officially denied to-day that cholera had made its appearance in either Naples or Capri. It was declared that the whole of Italy was clear of the pestilence.

Islip Objects to Quarantine.

FIRE ISLAND, N. Y., Sept. 17. The Islip Board of Health at a meeting to-day adopted a resolution to the effect that the "landing and retention upon Fire Island or any place within the limits of Islip, whether by direction of the health officers or other officers or persons, is in violence of the regulations lawfully established by the board. Passengers and baggage now on the island are required to be removed beyond the limits of Islip within three days, beginning to-day.

The bringing of any additional passengers or baggage to Fire Island or within the limits is also forbidden. The chairman of the board was directed to try the violation of the regulation of the board before the grand jury and take necessary steps to secure the indictment and prosecution of all concerned. The board authorized the sheriff of Suffolk county to apprehend and remove all such persons from the limits of Islip, to prevent further entry within it of any persons or baggage and to call to his aid for that purpose the whole power of his county. In view of

This Belligerent Attitude of the Islip

board of health, Captain Cochran has again cancelled his orders for troops to return home to-morrow. In answer to Captain Cochran's telegram, Gov. Flower telegraphed as follows:

The town of Islip's board of health have no jurisdiction over Fire Island. Protect the quarantine lines established by Dr. Jenkins as health officer against all trespassers. If you need more men call on Adjutant General Porter, New York.

Captain Cochran says he has enough men on hand for any emergency at present. Everything is now quiet.

Now Willing to Land.

QUARANTINE, Sept. 17. At a late hour this evening Dr. Jenkins was informed that the Wyoming cabin passengers had changed their minds and were now anxious to go to Fire Island. The Cepheus will, in consequence, transfer them and the cabin passengers of the Rugia to Fire Island to-morrow. The only case of sickness on board is that of a baby suffering from skin disease. At first the passengers declared the Wyoming was not an infected ship and positively refused to leave unless landed at New York.

All sorts of wild stories were invented to account for the death of the two children and their mother, Mrs. Parsons, the former on board the steamer and the latter in quarantine hospital on Swinburne Island. The second cabin passengers of the steamer have published a public protest in which they say they have had a prosperous voyage and clean bill of

[illegible]

[illegible], Texas, Sept. 17. Reliable information from Gainesville, about thirty miles west of this city, is to the effect that cholera has appeared at Gainesville and two deaths resulted to-day. Four more cases are reported. All the patients are in quarantine. The epidemic was brought by a party of emigrants destined to the Mennonite colony at Muenster, fourteen miles west of Gainesville.

Supposed to have Cholera Aboard.

BALTIMORE, Sept. 17. It is believed that the steamship Baltimore, from Liverpool, which arrived here yesterday, has two cases of cholera on board. She is held at quarantine station pending an investigation.

Wyoming's Passengers Ashore.

FIRE ISLAND, N. Y., Sept. 18. The steamboat Cepheus, with 325 passengers of the steamer Wyoming on board, arrived at the dock here at 1.10 P. M. All the passengers were well and were transferred from the Cepheus by the steamer Ripple.

Not the slightest opposition was offered by the Islip health authorities or Bay men to the landing of the passengers.

Not one of either was to be seen afloat or ashore. Within an hour after landing everyone had possession of a room and had dined. Even those who protested most against the removal here expressed satisfaction. Col. Austin at seven this evening with fifty men of the Thirteenth regiment to relieve such here decided to go home. Thirty went home by the Ripple, via Babylon.

Landed at Sandy Hook.

CAMP LOW, SANDY HOOK, Sept. 18, 3.50 P. M. The first passengers were landed here from Hoffman Island at 12.55 P. M. to-day and a strict quarantine was enforced from that time. Three hundred and twenty-five of the Normannia's passengers are quarantined here and another boat load will land later.

No New Cases.

NEW YORK, Sept. 18. The Board of Health issued a bulletin this afternoon in which it was stated that no cases or suspected cases of cholera had occurred since the last bulletin, and no deaths from cholera had occurred since Tuesday. The board reports there is no reason to believe the diagnosis of the attending physician in the case of Peter Callahan (a suspected case of cholera), to be incorrect. The physician declared that death was due to diarrhoea and exhaustion. The report of the bacteriologists as to the case of Mary Conerly (a suspected case of cholera), is to the effect that no spirillum of cholera was discovered.

Quarantine at Queenstown.

QUEENSTOWN, Sept. 18. The Queenstown authorities announce that henceforth, until all danger of cholera infection has ceased a doctor will board all American liners arriving here from ports in the United States and if any sickness is found on a steamer the vessel must be placed in quarantine before any passengers are allowed to disembark, otherwise the steamer must proceed direct for Liverpool, only communicating with Queenstown for the purpose of securing a pilot.

New Cases of Cholera in Paris.

PARIS, Sept. 18. In this city and suburbs yesterday 50 fresh cases and 15 deaths from the disease are reported.

In Havre a number of fresh cases and six deaths are reported.

St. Petersburg has New Cases.

ST. PETERSBURG, Sept. 18. Forty-one fresh cases of cholera and fifteen deaths were reported here yesterday. Ninety-two persons under treatment were declared to be recovered. Returns received here in regard to the progress of the epidemic throughout Russia show a decrease in the virulence of the scourge.

Decrease of Epidemic in Hamburg.

HAMBURG, Sept. 18. Two hundred and eighty-six fresh cases of cholera and 127 deaths were reported here yesterday. These figures include 96 fresh cases and 45 deaths which occurred on previous days, showing a decrease both in the numbers of patients and mortality. A fact showing the return of confidence on the part of the people is that the usual concerts were given in Saint Paul Garden this afternoon for the first time in several weeks.

Must Use Elbe Water for Awhile.

HAMBURG, Sept. 17. A joint committee of senators and members of the House of Burgesses to-day discussed a proposal to stop the water supply from the Elbe, to which the cholera infection in this city is said to be mostly due. The committee found that it would be impossible to discontinue the use of the Elbe water until provision had been made for obtaining a supply from another source.

Satisfactory Measures.

HAMBURG, Sept. 18. Professor Koch, accompanied by the director of the imperial sanitary board has made a tour of the various hospitals in this city. The professor expresses satisfaction with the measures adopted for the transportation and treatment of the patients suffering from cholera and other diseases.

Cleveland Takes Precautions.

CLEVELAND, O., Sept., 18. The quarantine against immigrants was enforced for the first time here to-day. All in-coming trains were boarded by inspectors at city limits and no immigrants permited to leave the cars within the city limits. No suspicious cases of illness were found.

Cholera Crisis Practically Passed.

LOON LAKE, N. Y., Sept. 18. The President received a telegram to-night from the Secretary of the Treasury saying that the cholera crisis is practically passed and there appears to be no longer any danger of the spread of the disease.

ALL A CANARD.

Secretary Elkins Happily Not Dead.

CUMBERLAND, Md., Sept. 18. Secretary of War Elkins has requested that an item be sent out contradicting the reports of his death or illness.

DEMOCRATIC NOMINATIONS

For Congressmen in Massachusetts Districts.

BOSTON, Sept. 17. The following Congressional nominations have been made: First District, Democratic, John C. Crosby, of Pittsfield; seventh district, Democratic, William Everett, of Quincy; twelfth district, Democratic, Peleg McFarlin, of Carver.

NEW AGITATION

For Annexation of Cuba to United States.

NEW YORK, Sept. 17. The Times will publish a statement to-morrow from prominent Cubans here that Senor Marti, prime leader of the Cuban revolutionary clubs here, in Philadelphia, Tampa and Key West, has gone to San Domingo to continue the work of preparing for another uprising.

A new movement is to be undertaken for the annexation of Cuba to the United States.

CARS DERAILED

Blocking the Boston & Maine Track.

PORTSMOUTH, N. H., Sept. 18. Five flat cars loaded with lumber, attached to freight train 248 on the Boston & Maine railroad, were derailed at Eliot Saturday night. The track was torn up for 500 feet or more and the trains going east or west were obliged to go via Dover. Wrecking crews from this city and Portland were sent to the scene. Not until late this afternoon was the wreck cleared up and the track repaired.

FOREIGN NEWS.

Island of Sicily Reported to be Infested with Robbers.

LONDON, Sept. 17. The British consul at Palermo reports that the whole island of Sicily is infested with bands of brigands, who capture landed proprietors and rich merchants, and hold them until ransomed, plunder farmers, torture and murder peasants suspected of being in-

Thousands of Grand Army Men Visit Gettysburg.

WASHINGTON, Sept. 18. By to-morrow, when the 26th annual reunion of the G. A. R. will be formally opened by Vice-President Morton, this city will be thronged with people perhaps never exceeded in numbers. The multitude now here is hourly augmented by arriving trains and by to-morrow the city will have as guests a crowd estimated at nearly two hundred thousand. To-night the city is swathed in bunting, the national colors and every form of decoration that can be utilized to make attractive stands on public and private buildings.

The weather is unusually clear with just enough breeze blowing to keep the flags standing out from the pole. All the visitors were on the streets from early morning until past night fall. Their walks and rides extended throughout the city and to the Arlington Soldiers' Home and points of interest in the vicinity. Many went down the Potomac to look again at places familiar to them during the war. The streets were alive with brass bands, escorting arriving hosts to quarters and down in White Lot, which will be the

during the encampment, thousands gathered to welcome arriving guests. On the beautiful plateau near the river front and within the shadows of the Washington monument there is a settlement, sprung up as if by magic, which will be the abode of 15,000 veterans during their temporary stay in the city. Here they will be housed, fed and cared for with all the attention that a minute care to detail with a view to comfort can give.

The like of this camp in size and general arrangement was never attempted at any previous encampment. Just north of this settlement and directly south of the President's mansion is another space of ground where ten or fifteen thousand more warriors will be lodged and fed. This is the camp proper with rows upon rows of white army tents loaned by the War Department, with here and there a tent of circus dimensions, from which a great flag floats, telling that it is the headquarters of some post.

off in the centre float the national colors over the grand stand below where the dedicatory exercises will be held, and near by is a reproduction in every detail of the old warship Kearsarge, dressed from stem to stern in rainbow fashion with naval exactness.

The camp has been alive with sight-seers and soldiers all day. Last night four thousand soldiers were taken care of in camp and the barracks and by this evening the latter were well filled up by large numbers of posts which arrived during the day. In another part of the city a camp was established which will accommodate 9,000 souls.

At one of the wharves was a steamer which brought large numbers of Grand Army people from Maine. They are quartered in the ship. It is stated that 105,000 persons had arrived up to 11 o'clock to-night.

Departure of the Boys in Blue for Encampment.

BOSTON, Sept. 17. The departure of the Grand Army veterans from Boston and Eastern Massachusetts for the Washington encampment, began this morning and continued all through the day and evening. Among the larger delegations that left to-day were Dahlgren Post, South Boston, 200 men; the old Sixth Regiment Association; John A. Andrew Post, Gen. F. W. Lander Post, of Lynn; Major George L. Stearns Post, of Charlestown. Massachusetts will be represented by 150 posts and upwards of 12,000 members.

Besides the Massachusetts men there passed through the city in special cars to-night over 6,000 comrades from Maine.

Visited Famous Battle Field.

GETTYSBURG, Pa., Sept. 18. Thousands of veterans, en route to the national encampment at Washington, spent the day on this battle field. They came from almost every State. New York, Ohio, Maine, Connecticut and Colorado had the largest representation.

President Will be Unable to Attend.

WASHINGTON, Sept. 18. Vice President Morton received the following telegram this evening from President Harrison:

"It is now quite certain I will not be able to take any part in the Grand Army exercises. I will be very glad if, as second officer of the government, you will take up the duties assigned me on the official programme, that all possible honors may be shown the veterans who may gather this week at the National capital."

JUMPED FOR THEIR LIVES.

House Inhabited by Chinamen Burned

NEW YORK, Sept. 18. Fire broke out this morning in the basement of the five story building Nos. 12, 12½ and 14 Hell street, occupied by nearly a hundred Chinamen and white women who lived with them. The fire spread rapidly and many inmates who were sleeping were aroused by policemen and citizens. When the firemen arrived the flames had complete possession of the buildings.

Many of the inmates were forced to leave the burning buildings by climbing to the roofs of nearby houses, or jumping from windows. One Chinaman, Sam Lee, was badly injured in jumping from the upper story. It was at first reported four persons perished in the flames, but later the police reported that the missing people had been found. The total loss is about $35,000; insurance, $19,000.

SOME ONE BLUNDERED

Apparently Inexcusable Railroad Wreck.

KENT, O., Sept. 18. A rear end collision occurred between two sections of the G. A. R. excursion train on the Baltimore and Ohio road here this morning. Two sleeping cars were badly damaged, and several passengers hurt. All the injured were carried to Washington. The accident was due to somebody's blunder.

GREAT DAY AT MYSTIC,

The Track Record Lowered—Fastest New England Bred Mare.

BOSTON, Sept. 17. The September meeting at Mystic was brought to a close to-day and it was a great day for records. The track record of 2.14, made by Goldsmith Maid in her palmy days, was lowered by William Russell Allen's stallion Kremlin in the 2.16 trotting race, and by Bunco, Jr., and Chronos in the free-for-all pacing race. Virginia Evans time of 2.15¼, made in the 2.16 class gives her the fastest record of any New England bred mare.

Record for Half Mile Track Broken at Topeka, Kan.

TOPEKA, Kan., Sept. 18. Riley Medium broke the world's pacing record over a half mile track here yesterday, pacing three heats, the first in 2 17½, the second in 2.13 and the third in 2.11 4-5. The stallion is owned by R. C. Campbell, of Ottawa, Kansas. In the last heat a running mate accompanied Riley Medium. The quarter was made in 32¼, half 1.05, three-quarters in 1.38½.

MRS. HARRISON'S CONDITION

Some Improvement Noted—Case More Encouraging.

LOON LAKE HOUSE, N. Y., Sept. 17. Dr. Gardner was much gratified in the improvement made by Mrs. Harrison during the night.

He made an examination, and discovered that there was no tendency toward a reproduction of the watery fluid in the lung cavity.

The patient had rested much better than usual, although her sleep was by no means unbroken.

This morning she was feeling much stronger and seemed greatly improved.

Dr. Gardner feels almost justified in predicting that immediate danger from the complication caused by reproduction of the watery fluid had passed, but he will not say anything about the main disease.

Mrs. Harrison's condition is still very grave, but with the removal of dangerous complications, which has necessitated three dangerous operations, the physicians will be better able to cope with the nucleus of the trouble.

For the first time since the present complications appeared she is able to lie on her back with her head and shoulders propped up. Heretofore she could lie only on her side. These are favorable symptoms.

Brighter Prospects for Recovery.

LOON LAKE, N. Y., Sept. 18. The President and members of his household are more encouraged than ever over the favorable reports made by Dr. Gardner in regard to the condition of Mrs. Harrison. The doctor this afternoon said:

Mrs. Harrison is improving very rapidly. Since the last reformation there has been no production of fluid in the cavity of pleura and as far as this effusion is concerned Mrs. Harrison may be considered out of danger. I see no necessity for another operation and there will be none unless there is unlooked-for accumulation of fluid.

Mrs. Harrison is now able to sit up in bed, her back propped up with pillows. She has rested quietly in that position nearly all day. She is taking as much nourishment as she did before the recent complications and gaining steadily in strength. It is learned that arrangements are being made for the early removal of Mrs. Harrison to Washington. The start will be made as early as Tuesday morning next, providing the present favorable condition continues.

STATE OF ANARCHY.

Venezuela Increasing its Forces and Expects Decisive Battle.

NEW YORK, Sept. 17. Gen. N. Bolet Peraza, minister of Venezuela at Washington, to-day received from his government the following telegram, dated Caracas:

Congratulations for detention of revolutionary steamer and arms. The government trust in the United States' justice and cordiality. The republic is in anarchy. Government increases its army, and expects to give soon a decisive battle.

(Signed) PRESIDENT.

Francis Gonzales, charged by the Venezuelan minister with fitting out the steamship South Portland with arms and ammunition with the intention of using her as a cruiser on the high seas against the government of Venezuela, and for whose arrest a warrant was issued two days ago surrendered himself to United States Commissioner Alexander to-day. For the Campaign.

This being a Presidential year, and as the campaign opens early, THE WHIG will be sent to any address from now until the last of November, for fifty cents a month when paid in advance.

The Harrison Cadets are getting their new uniforms ready and will soon turn out in the parades.

The steam yacht Polly, owned by Mr. Charles L. Eaton, of Boston, is in port on the way to Bar Harbor.

The races at Ellsworth this week will attract horsemen from other places, and several will attend from this city.

Edward Sweeney while scuffling with another boy yesterday had his hip dislocated. He was attended by a physician.

The steamer Penobscot made excellent time from Boston on her last trip, arriving here at 12.40 o'clock Saturday afternoon.

The ladies' class in the Young Men's Christian Association gymnasium will resume work to-day at 10 A. M., and a large attendance is expected.

"Glorians," which will be given in this city at the Opera House next Wednesday night by Charles Frohman's company, will appear in Portland to-night.

The Old Town Indians who have been passing the summer at the seaside selling baskets, bead work, etc., have returned. It was a profitable summer for them.

Mr. Bernhard Pol has purchased the Dr Watson homestead at the corner of French and Penobscot streets. He will makes some changes and with his family will occupy it in about a month.

The leaves are beginning to turn and the autumnal panorama will soon be in its full glory. Already there is a fine display of autumn leaves in some places up river, but the change is not yet general.

The members of Rev. T. E. Busfield's Sunday school class at the First Baptist church, presented him yesterday with a handsome gold watch as a token of esteem, and it is greatly appreciated by the receiver.

The work of rafting at the Nebraska boom was completed Saturday and a part of the crew will go to the Argyle boom where the rafting will be completed as rapidly as possible. It is probable that it will be finished this week.

To-morrow there will be an excursion from Old Town, this city and way stations to the National Soldiers' Home, Togus, and a goodly number will probably go. Mr. B. L. Pennell, the Maine Central excursion agent, has made the arrangements and will accompany the party.

Mr. J. C. Spofford, the Boston architect, will be at the Aldermen's room, City Hall, several days this week, commencing to-day, with plans and specifications for the new City Hall. All builders are requested to call and see Mr. Spofford and examine the plans preparatory to submitting proposals.

Saturday morning while Mr. Frank Williams, mate of the dredger now in port, was engaged in his duties, some of the rigging holding a heavy block parted and the falling block struck Mr. Williams on the top of the head making a large gash. A physician was called and attended him. It was a narrow escape from a serious injury.

The members of the Pastors' Union will meet to-day at 10 o'clock at the Young Men's Christian Association building for the purpose of electing officers and arranging for the future meetings. During the warm weather the meetings of the union were given up, but they will now be resumed as usual. It is requested that there be a full attendance of the members.

The steamer New Brunswick will probably run on the Boston and Bangor route for some time. The repairs on the Katahdin have not yet been completed and she will probably not be seen here again until late in the season. The New Brunswick has been doing an excellent business since she came on and is a well appointed boat that will be well liked by the many patrons of this popular and reliable line of steamers.

Tickets are now on sale at D. Bugbee & Co.'s for the autumn leaf excursion under the auspices of St. John's Episcopal parish to the Katahdin Iron Works on Tuesday, September 27th, and there will without doubt be an extensive demand for them. Five hours will be passed at the destination, giving an excellent opportunity for a view of the beautiful scenery. The return will be on the early evening train.

Mr. James Francis Burke, president of the American Republican College League, who was recently in this city to speak at Winn and Milford, presided at the session of the League which began in Buffalo, N. Y., Friday, and made a speech. There was an excellent attendance and much enthusiasm. The college delegates numbered about 150, and represented Yale, Harvard, Cornell, Union, Rutgers and Ann Arbor, beside many preparatory and high schools.

An excursion to Pushaw has been arranged for the children of St. John's Episcopal church to occur on Saturday next. Barges will leave the church at 12.30 P. M. sharp and all children of the Sunday school who desire to go are requested to leave their names at the store of D. Bugbee & Co., on or before Tuesday noon next. Transportation and lunch will be furnished free to all members of the Sunday school. This outing should not be confounded with the regular parish excursion to Katahdin Iron Works, which will occur on Tuesday, September 27th.

Two hundred and fifty Odd Fellows from Old Town, Pittsfield, Newport and Hartland, attended the funeral yesterday at Detroit, of Mr. Lafayette Hoxie, Superintendent of the Sebasticook and Moosehead railroad, who was killed last week. A special train was run. Mr. Hoxie was a member of Tarratine Lodge, of Old Town. Over eight hundred people were present at the funeral. Rev. F. C. Andrews, of Old Town, officiated, and feeling selections were sung by a choir of Old Town singers, composed of Mrs. N. A. Oakes, Mrs. Belle Lancaster, Mr. W. H. Waterhouse and Mr. M. H. A. Gammon.

Sportsmen Getting Ready.

The sportsmen are beginning to think of cleaning up their rifles and arranging

day.

Dr. Whitney Spiller and Mr. and Mrs. Cleveland, of this city, and Miss Ida Smith, of Old Town, who has been a guest at the Windsor, started out yesterday afternoon for a drive in a carriage from the Grand Central Stables. Just as they were about to turn up Washington street a street car came round the corner, frightening the horse which jumped to one side and the carriage struck a telegraph pole, crushing in one of the wheels. The carriage was thrown over to one side and Dr. Spiller and Mr. and Mrs. Cleveland fell out upon the pavement. The horse then started to run towards the Exchange street railroad station.

Miss Smith jumped from the carriage and fell heavily upon the pavement. Officer Knaide and others rushed to her assistance and the officer telephoned for the patrol wagon as he saw that Miss Smith was badly hurt. The wagon was quickly on the spot and Miss Smith was carefully placed on the mattress and taken to her room at the Windsor. Mr. G. W. Harriman, who came to the spot, rendered valuable assistance. Miss Smith was attended by physicians at the Windsor and examination showed that her left leg, just above the ankle, had been badly fractured in several places. Mrs. Cleveland was cut over the eye, upon the arm and leg and Dr. Spiller received a number of bruises. Mr. Cleveland escaped unhurt. The horse, after the collision with the telegraph pole, ran down to the railroad track and turning to the left ran up the track a short distance and was then caught. The carriage was considerably damaged.

Charles H. Bartlett, Esq., received a telegram Saturday announcing the safe arrival at Yokohama, Japan, on the 13th instant, of his uncle, C. H. Hammatt, Esq., and John L. Stoddard, Esq., the well known lecturer. They sailed on September 3d from Vancouver, B. C., on the steamer Empress of Japan, and are on a trip around the world. They had a very rough passage, encountering a typhoon.

Bowdoin College Notes.

The fall term has opened under very auspicious circumstances and there is a large attendance in each class. The freshman class has 75 members and contains excellent scholars and athletic material. This fine class shows the increased prosperity of old Bowdoin, and it will be a disappointment if next year's class is not even larger than this year's.

Good progress is being made on the Walker art building, which will be the finest in the United States, exclusively devoted to art. It will be completed before the next commencement and the dedica-

Granted a Charter Saturday by the Attorney General.

The new Shutter Club was granted a charter Saturday by the Attorney General. The club was organized July 9th at Mouse Island, and is the result of the refusal of the old Shutters to play base ball this season with the juvenile shutters, giving them a chance to regain their old name of Loon Club. The juveniles concluded that as they could not be Loons, they would be Shutters, and the only ones in the State, so they became incorporated, and will, they say, drive the old Shutters out of business. The headquarters of the club is Rockland.

The incorporators are R. W. Sawyer, of Bangor, John D. Nichols, of Boston, Frank F. Clapp of Malden, D. N. Hardacker, of Dennisport, S. H. Well, W. S. White and A. H. Jones, of Rockland, with seven associates H. C. Chapman, Bangor, F. O. Sargent, F. E. Lindsey, H. M. Harris, Boston, W. I. Littlefield, Belfast, R. F. Genthner, Damariscotta, and George D. Hughes, Brunswick.

The officers of the club are President, R. W. Sawyer, vice president, Frank F. Clapp; secretary and treasurer A. H. Jones; directors H. C. Chapman and W. S. White.

The club has adopted the old Loon Club plan of having an annual dinner and summer outing.

OBITUARY.

Mrs. Luther H. Eaton

The many friends of Mrs. Edward E. Walker will extend their sympathies to her in the death of her mother, which took place last Friday evening, after a distressing illness of over a year, at the age of sixty-three years. Miss Lydia Lane was brought up as a daughter in the family of the late Mayor Samuel H. Dale although not regularly adopted. She was married to the late Luther H. Eaton, C. E., Oct. 24, 1854, and for a short time they lived in Ohio, where he was engaged in railroad building, and with the exception of the time when they lived in Bucksport, where he was superintendent in charge of the construction of Fort Knox, their home was in this city, where Mr. Eaton, besides being engineer in charge of the construction of the Bangor and Piscataquis railroad, was also superintendent of construction of the Bangor Water Works. They had three children Samuel Dale who died young, William Luther, now residing in San Francisco, and Fannie, wife of Mr. E. E. Walker of this city. Mr. Eaton died in 1878 and since that time his widow has made her home with her daughter. She was much beloved by a wide circle of acquaintances who will be greatly pained to learn of her death. The funeral took place from the residence of Mr. Walker, on Broadway yesterday afternoon, Rev. Mr. Beach performing the burial service and Mrs. Helen Winslow Potter singing beautiful and appropriate selections. The bearers were F. A. Wilson, Esq., Hon. B. B. Thatcher, Charles V. Lord, Esq., and P. A. Strickland, Esq.

AMUSEMENTS

Si Perkins at The Norombega

The well known comedy-drama "Si Perkins" was presented at The Norombega Saturday evening and there was a large audience present. Mr. Wallace assumed the title role in a manner which seemed to please the audience, and Miss Parker in the role of "Zana" gave a skirt dance which was loudly applauded. The clog dancing was several times encored. In the third act a threshing machine in full motion was introduced.

Shadows of a Great City To-night

To-night at the Opera House the favorite melo-drama, "Shadows of a Great City", will be presented. The sale of seats has been large showing that although this is the seventh visit to Bangor it still retains its hold upon the public. The entire scenery, and here is a carload, has been rebuilt and repainted the company carefully rehearsed and the mechanical effects are in fine working order. The company carries its own chandeliers, lamps, carpets, silver, bells, telephones, etc. The story of the play is well known and need not be repeated here. Suffice to say that it is one of much interest and this fact together with the elaborate scenery make the production a very entertaining one.

Glorians

The attraction at the Opera House next Wednesday evening will be Charles Frohman's New York company, presenting James Mortimer's farce comedy "Glorians." The piece had a long and successful run in New York, but has never been seen in this city before. It has an interesting dialogue is bright and witty is full of action and does not depend upon horse play for its fun. Servants masquerade as masters and masters as servants, and the situations are grotesque and very amusing. The company is an excellent one and even the most trivial parts are in good hands. Seats will be on sale this morning.

Ordination at Ellsworth

Rev. David Lewis Yale, a graduate of Williams College in 1889 and Andover Seminary, 1892, was ordained and installed pastor of the Congregational church at Ellsworth, last week. The council met in the morning, Rev. John S. Sewall, D. D., of Bangor, moderator, and Rev. G. E. Freeman, of Bar Harbor, scribe. The ordination services occurred in the afternoon with the following programme: Invocation, Rev. Albert Donnell, of East Bluehill; sermon, Rev. George Harris, of Andover; ordaining prayer, Rev. Hugh Elder, of Farmington, charge to pastor, Rev. William Forsyth, of Bucksport, right hand of fellowship, Rev. C. H. Cutler, of Bangor; charge to the people, Prof. J. S. Sewall; prayer, Rev. J. Williamson, of Augusta; benediction by the pastor. A choir led in the service of song.

To Save Running Time

The Canadian Pacific railway has now a crew of several hundred men at work on its line through Northern Maine putting in water scoops at various places, in preparation for the fast trains which they are to put on between St. John and Chicago. The scoops will effect a great saving in time as water will be taken without stops. The Canadian Pacific spares no expense in placing their road in the best of condition.

Those who have remained at the summer resorts are having a fine September for their visit.

Officer Tracy resumed duty on the police force last night. His beat is now on Hancock, Washington and Oak streets.

There's nothing left of Catarrh, when you use Dr. Sage's Catarrh Remedy. With the poisonous, irritating snuffs and strong, caustic solutions, a good deal *is* left. They may, perhaps, stop it for a time, but there's danger of driving it to the lungs. They work on false principles.

But Dr. Sage's Remedy *cures* it, no matter how bad the case, or of how long standing. Not only Catarrh itself, but Catarrhal Headache, Cold in the Head—everything catarrhal in its nature. The worst cases yield to its mild, soothing, cleansing and healing properties. So will yours. You may not believe it, but the proprietors of Dr. Sage's Remedy *do*.

And to prove it they make you this offer.

If they can't cure you, they'll pay you $500 in cash. It's a business proposition from a responsible house.

But do you think they'd make it if they, and *you*, couldn't depend upon their medicine?

ON THE CORNER.

BREWER LOCALS.

Miss Sadie Atwood, of Boston, is visiting at South Brewer.

Miss Bessie Hammond, of East Eddington, is teaching school in Howland.

Mr. Robert Smith came from down river on the steamer New Brunswick yesterday.

The recent rain storm caused the water in the wells about the city to rise somewhat.

Mr. Emerson Bachelder has arrived home from a visit in Boston and other places.

Mr. Silas Howard, of Massachusetts, is in the city visiting with Mr. Thomas Simmons.

Mrs. Rankin, of Rockland, has been visiting her sister, Mrs. Winnie Billings, in Eddington.

The schooner I. K. Stetson is taking a cargo of ice from Messrs. E. & I. K. Stetson's upper houses.

Rev. A. G. Pettingill arrived home yesterday on the steamer New Brunswick from a short trip down river.

Mr. and Mrs. Elbridge Patten are at Ellsworth for a few days. They will attend the fair there during their stay.

Miss Venia T. Rogers has returned to her home in this city from a visit with her friend, Miss Inez Merrill, of East Eddington.

The vestry in the new Catholic church, at South Brewer, has been plastered, and other work about the edifice will begin soon.

The three masted schooner Centennial has cleared from Messrs. D. Sargents' Sons' ice houses at South Brewer, with a cargo.

Quite a current has been running in the river at times of late, owing to the rise in the water occasioned by the recent rain storm.

Mr. Hall, of Providence, R. I., has been spending a time in the neighboring town of Eddington, with H. W. Clewley, of that place.

The large three masted schooner Fortuna is at Messrs. E. H. & H. Rollins' ice house wharf, and will begin taking a cargo this morning.

Several houses are being built this season by members of the French population at South Brewer. The structures are small, but neatly built.

Mr. Frank Sargent, of the Thomson-Houston Electric works, at Lynn, Mass., is spending a vacation at South Brewer with his father, Hon. H. P. Sargent.

Many farmers are now having their grain threshed and the noisy threshing machines and horse power may be heard and seen in operation in many places.

Mr. Joseph Holyoke has been quite seriously ill at his residence on State street. His many friends unite in the hope that his sickness may soon assume a favorable nature.

The large four-masted schooner Independent hauled in to the pier at Messrs. D. Sargent's Sons' ice houses, at South Brewer, Saturday, and will take a cargo from there.

Mr. R. B. Matthews, of the South Brewer Congregational Church, was in Augusta visiting with his brother, Mr. F. W. Matthews, of that city, during a portion of last week.

Miss Frances R. Upton, of this city, County Superintendent of Junior Endeavor Societies, was in Old Town, yesterday, to assist in the organization of a Junior Society at the Baptist Church there.

A party of Bucksport cyclists came to this city from that town on their wheels Saturday, for the purpose of witnessing the ball game in the afternoon between the E. M. C. Seminary nine and the Brewer High School team.

Several carloads of large water pipe have arrived at South Brewer, consigned to the pulp mill company, at South Brewer, and will be used in connecting the mill with the water privilege on the Segeunkedunk, from which this establishment is to receive its supply.

The steamer Rockland of the Boston & Bangor Steamship Company's fleet, is at Messrs. E. & I. K. Stetson's yard, and was to be hauled out on the marine railway there for repairs. She has been taken off of the route between Bangor and Rockland, the season having closed.

Messrs. F. W. Ayer & Co., now have Dyer's Cove about two-thirds full of shingled logs, and the cove just above contains quite a large number. The work is progressing rapidly being carried on day and night both at the times when the tide permits.

The E. M. Conference Seminary base ball team came to this city Saturday on the steamer C. P. Conners for its game with the High school nine and returned in the same way. The members of the home club entertained their visitors nicely and they were given a fine dinner at Mr. M. E. Maling's store on Main street.

The two new houses, which Capt. Joseph Harlow has been building on Main street near his own residence, have gone up very rapidly. The first one is very near the finished state now and the second is being painted outside, while the interior is ready for plastering. Two houses of as substantial a nature are rarely erected any quicker than these have been.

Yesterday the Second Congregational church at South Brewer was occupied for religious services for the first time for some weeks, the auditorium having been undergoing some extensive repairs and improvements. These are not finished as yet but the painting and some other work has been done so that the church can now be used again. As far as the work has progressed it has been excellently done, and the room presents a handsome appearance, which will be increased when all is completed.

The game of base ball at Rollins' Park Saturday afternoon between the High School team and the E. M. C. Seminary nine, of Bucksport, resulted in a victory for the former by a score of 16 to 15. For the first four innings the game was an excellent one, at the end of that time the score being 4 to 0 in favor of Brewer, but after that the playing was more loose and the runs came in more rapidly, the Bucksport club getting eight in one inning. On the whole, however, it was an exciting and interesting contest and the High School boys are proud of the outcome of their hard work. During the latter part of the game one of the Bucksport players was ruled out on account of breaking the rules. [illegible] Freeman, of the High School, [illegible] Palmer, of Bucksport, and [illegible] Toole, of this city, acted as umpires. The contest was witnessed by a large crowd.

Cardinal Taschereau.

Cardinal Elzear Taschereau, Archbishop of Quebec, whose golden jubilee was celebrated in Canada recently, is the first prelate in North America honored with the Roman purple. He was born in Quebec in 1818, and studied in the seminary of that city. He was ordained a priest of the Roman Catholic Church in 1842; subsequently appointed Professor of mental philosophy, director of studies and Superior of the Seminary of Quebec. He was made professor of canon law in Laval University in 1856, and Administrator of the diocese in 1870.

On March 19, 1871, Taschereau was consecrated Archbishop of Quebec.

His prominence in Canadian circles rests not only on his labors in the church but also on the fact that he belongs to one of the best old Canadian families, and that he has successfully advanced the cause of education and deserving public movements.

A PLEASANT EVENT

Col. J. B. Peaks, of Dover, Congratulated by Dover Citizens Upon His Election.

A correspondent writes: Dyer's Band, with three or four hundred citizens of Dover and Foxcroft, called upon Col. J. B. Peaks at his residence in Dover, on Thursday evening last, to congratulate him upon his election as Senator. About eight o'clock a bonfire was kindled in front of his residence, in the street, and a great crowd at once collected.

A team came from Foxcroft with a dozen Republicans, shouting P-e-a-k-s—Peaks-Peaks-Peaks, and then the people of both villages turned out and filled the streets near his house.

The streets were made as light as day with burning tar barrels, and Dyer's Band made the crowd feel jolly with its splendid music.

After several selections had been played by the band, Col. Peaks appeared upon the veranda, and thanked the band for their courtesy, and the people for the friendship they had shown him.

"I have no ill feeling toward anybody," said he, "and I have only gratitude which I shall be unable to express, to my friends who stood by me in this contest against treachery the most foul, and falsehood the most outrageous."

"I am elected to an office which is important, responsible and honorable, and I shall do my best to retain your confidence. I have represented my constituents twice in the Legislature, and I am conscious of no vote I ever gave which I would change if I was called upon to vote upon the same matter again."

After paying a high compliment to Dyer's Band for the excellence of their music, he invited them into the house for refreshments, and the crowd were furnished with cigars outside.

No more determined effort was ever made to defeat a man in this State, than was made to defeat Col. Peaks. Falsehoods were repeated night after night by Democratic speakers, in relation to his action in the last legislature, and *that* after the facts were made to fully appear. Several prominent men in the State, among them Mr. Spear, of Gardiner, Mr. Savage, of Auburn, and Mr. H. C. Burleigh, of Vassalboro, were quoted by these Democratic "Orators," as sustaining their statements.

After these same gentlemen had denied in letters to Col. Peaks what was charged by these speakers, the same falsehoods were repeated night after night. Wherever Mr. Peaks had opportunity to reply to the falsehoods, he ran up to his ticket.

Last year the Democrats elected their candidate for Senator. This year they made a desperate struggle to retain him, but Col. Peaks is elected by a substantial majority, in spite of trading and treachery.

Thursday night's demonstration will no doubt open the eyes of the Democrats to the fact that the Colonel is a "fighter."

Piscataquis county is Republican, and will remain so.

No man in this State has worked harder, or deserves more credit than Hon. Willis E. Parsons, of Foxcroft, member of the State committee, in this county. He has worked early and late, and has filled the places of several speakers who have been absent, and no man has made better or more convincing speeches.

The campaign in this county has been fought for all "there was in it," and the result is a grand success.

VETERANS ARRIVING

The Preparations Concluded for the Great Grand Army Encampment.—A Great Rush.—Some New Ideas.

The vanguard of the Grand Army of the Republic began to come into Washington Thursday.

The two railway stations, through which all visitors to Washington must come, were crowded with the arrival of every train, and the baggage masters found their hands full. The hotels, awaking from their summer nap, looked gay with their flag decorations, which rival the elaborate displays on the public buildings, and to-night the hotel lobbies look as they do when Congress is in session.

All day and all the evening, too, the first comers were inspecting the preparations not yet completed for the comfort and pleasure of the veterans and their friends. They looked at the sailors from the navy yard putting up the great flags on the department buildings and at the professional decorators putting the finishing touches to the elaborately decorated reviewing stands, that for the President and cabinet and other distinguished people being in front of the north end of the treasury department, and that for Commander-in-Chief Palmer and other G. A. R. dignitaries being in front of the north end of the war department.

They went down to the park in the rear of the White House ground now known as the "White lot," but to be christened on Monday Grand Army place, where they saw 100 tents for the corps reunions surrounding a handsome platform in the centre of the ellipse, with the lifelike model of the Kearsarge looming up on the southern edge of it.

They crossed this park and wandered through the great wooden barracks around the Washington monument, constituting Camp Algier, where the western half of the "free quarters" guests will be lodged by the city and

Fed by Caterers.

They found the three-tiered sleeping bunks more comfortable than they had supposed, and were pleased to see that pipes for water and gas had been introduced, and that the hospital and sanitary [illegible]

[illegible]

cured quarters in advance, but the people who come here without having made arrangements will suffer.

All supplies will be scarce. Cots gave out, for example, and no more can be brought in because the railways stop carrying freight, and confine their attention to the 150,000 visitors expected. Of this number 75,000 have secured quarters in advance through the citizens' committee, and 25,000 at an outside estimate have secured quarters independently.

The other 50,000 expected, if they come, will

Not Be Very Comfortable.

Secretary of State William M. Olin and Charles McDermott arrived from Boston for the G. A. R. encampment, and it was fortunate for Thomas G. Stephenson post 26, of Roxbury, that they did so, for they discovered that the cots ordered for their excellent quarters in the Builders' exchange on Thirteenth street, had not been delivered.

By applying considerable pressure to the contractor, they succeeded in getting them. They also succeeded in arranging for a hot luncheon for the post on its arrival.

Should the cholera spread in New York city, or should cholera cases develop in other cities, especially in Baltimore or Philadelphia, a railway quarantine will be established around Washington by the marine hospital service, which will very seriously interfere with the G. A. R. gathering.

The proposition is being discussed among a few citizens and Grand Army men to agitate at the coming encampment, the idea of the erection in this city of a memorial arch to the Grand Army of the Republic. It is suggested that it is now a good time to discuss the question of providing a lasting tribute in stone and bronze to the achievements of the men who compose the army, and whose ranks are rapidly thinning.

It is said that the idea often advanced heretofore of erecting a memorial will eventually crystallize into result, and that this encampment offers the most auspicious occasion for the beginning of it.

The promoters of the plan maintain that Washington is beyond any question the proper location for a memorial, as the capital of the nation, toward whose preservation were directed the efforts of the men who now compose the Grand Army.

It is suggested that a memorial arch could be erected on the brow of the hill at the head of Sixteenth street, facing the executive mansion, and towering above the city. It is urged that this would be a commanding position, and one that would add to the effect of the arch itself.

It is probable that the suggestion may be brought before the encampment in an official way during the season.

The hunger cure was at one time a very popular punishment in Siberia, but the latest punishment invented is the eating of salted herrings. This is regarded as especially useful in the case of prisoners who refuse to disclose secrets. The continued eating of very salt herrings is the worst form of torture, thumbscrews and iron collars are mild inconveniences to it. The victim is shut up in a well-heated small cell, and nothing is given him to eat but salted herrings, no water, and not even any bread. The thirst thus induced, causes the most maddening agonies, and it is most invariably found that when the prisoner is brought before the examining commission he is ready to give all the information required of him.

Pairs of articles—such as gloves, shoes, socks, etc.—are not transmitted by mail to foreign countries at the postage rates and conditions applicable to "samples of merchandise," but one article of a pair may be so transmitted.

In one of the towns of Illinois a banker put his private mark on the money he paid out one Saturday night to the wage-workers of the town who patronized his bank. Of the $700 thus paid out over $300 came back to him on the Monday from drinking saloons in the districts.

Women Must Sleep.

If they only *could* sleep eight hours every night and one hour every day years would be added to their lives, and:—

Their freshness and beauty would continue to the end.

All derangement of the *Uterus or Womb,* Ovarian or Kidney troubles, uterus tumors, irregularity, indigestion, exhaustion, or "displacement" drives the nerves wild with excitement.

Sleep is impossible.

Lydia E. Pinkham's *"Vegetable Compound"* is the one sure remedy. It has saved thousands, and will save you. It strengthens the womb, removes all pain, and *you sleep like a child* to awake with the brightness of youth. Try it.

All druggists sell it, or sent by mail in form of Pills or Lozenges, on receipt of $1. Correspondence freely answered. Address in confidence LYDIA E. PINKHAM MEDICAL CO., LYNN, MASS. Liver Pills, 25c.

The Goat and The Ostrich

have the reputation of being able to digest everything, but neither of them has had to live on food cooked with Hog's Lard. Men, women, and children have, however, taken their lard, and entertained their dyspepsia for generations. This was because an acceptable substitute for lard had not been discovered. It is here now—science's latest boon for the kitchen and the family.

COTTOLENE

Is the new, dainty, odorless, pure, and satisfactory substitute for lard. Every member of the family can eat and digest the food into which it enters. Bright housekeepers see this point and use Cottolene.
